

# 1921 Car Is Only 7,000 Miles 'Old'

BRISTOW (Okla.), June 16.—

(AP) — A West Covina, Calif., couple, Mr. and Mrs. Randolph Stansell, driving home from Ohio in a 1921 Studebaker, attracted attention when they stopped briefly in Bristow today.

The old car has been driven only 7,000 miles. Stansell stayed off the Turner Turnpike since he drove at speeds of only thirty to thirty-five miles an hour. The turnpike minimum is forty.
