

NEW DOCTORS ARE HONORED

Five doctors about to enter private practice after completing two years of resident training in pediatrics, and five first year residents were honored yesterday at a luncheon at Children's Hospital of the East Bay.

Dr. Franklin D. Close, who will practice in Hayward, received the first award from the alumni loan fund, set up by the hospital's medical staff to aid graduating resident doctors in establishing their own offices.

The four other graduates honored were Dr. Alan Mitchell, Dr. Paul Kegan, Dr. Marjorie Regello and Dr. Marianne Schour.

Certificates for completion of the first year of residency went to Dr. Arthur Bolter, Dr. Glen Cayler, Dr. Robert W. Cleveland, Dr. Eugene Peck and Dr. Donald Person.
