Dear Wak:

There isn't a lot to tell you as we aren't doing anything. We have to wait about three weeks before we start school here. Now all we do is detail and Guard Duty. I didn't like that idea so I managed to get myself a job working in Headquarters every day except Sunday. I don't have much to do. I work from 8:30 to 11:00 and from 1 - 4 so you see I'm not working very hard.

The camp here is a lot different than any place we have been before. We don't have any K.P. for a change. The Marshall is run by civilians. We can work there if we want to for 15 cents an hour. We can also go out and work nights from 6 - 12. We are supposed to be off on Monday and Thursday nights from 6 - 11 and from 6 Saturday night until 12 Sunday night.

I managed to get a pass so I can go out every night

There are a lot of holes in the fence though and the fellows go out through the

hals and go to town. So far a few of them have been caught but not many.

We are supposed to go to school for 12 days when we start and then go to the same school you are going to. I guess I'll come down there and you will come up here. You will probably arrive here before I leave so I'll see you. You can give me the tricks on how to get along down there.

Well I guess that's all for now. Write and tell me how you are getting along.

as ever

Your Friend.
