

Hello wah!

Mon. July 24, 1944.

Golly Gee, I sure wish you were here, wah, I just got back to California last Wednesday am waiting for my furlough now.

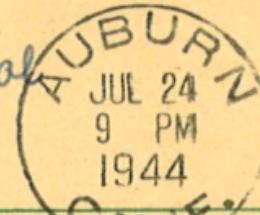

I flew back to N.Y about 2 weeks ago and had a great time in that big town. There sure is a lot of things to do around there. I had a big dinner in Chinatown, boy! did it taste good!!

This place here is 135 miles from S.F. and it is a pretty new hospital, just opened several months ago. Quite hot around here in the afternoons. Drop me a line when you have time. Pal,
Bob
