

# 94, He's Dad Of New Son

---

CLINTON (Ia.), May 9. — (AP)—Dr. John D. Hullinger, 94 year old Clinton physician, is the proud father of another boy—the second born of his marriage three years ago.

The ten pound baby, described by the elderly doctor as “feeling fine and looking fit as a fiddle” was born early yesterday to 34 year old Mrs. Hullinger.

“We didn’t need anyone else,” said the doctor, who now has brought 3,309 babies into the world during his sixty-three years of practice as a country doctor.

“I bossed the whole job myself, my wife behaved like a good fellow and both mother and son are getting along fine.”

Doctor Hullinger, reported to be the oldest active practitioner in the United States, gained considerable public attention twenty-two months ago when his first son, John Jr., was born.
