

Chinese Mercy Team

TAIPEI (Formosa), Nov. 12.

—(AP)—A Nationalist Chinese medical team consisting of six doctors and twelve nurses left for Saigon today to spend a year among refugees from Communism.

Air Force Studies Life at 16,000 Ft.

WASHINGTON.—Today's airplane pilots flying planes without pressurized cabins usually put on oxygen masks when they reach 10,000 feet above the earth.

The Air Force school of aviation medicine is financing studies by Peruvian scientists to learn how the Indians of Peru live and work in the thin aired 16,000 foot Andes mountains.
