

Japan Terms For Parley

TOKYO, May 26. — (AP)—Foreign Minister Shigemitsu today said Japan will lay down four prerequisites at the forthcoming London talks before discussing actual resumption of diplomatic relations with Russia.

1—Russian agreement on return of Japanese still held in Russia.

2—A pledge that Russia will respect Japanese territory.

3—A pledge that Russia will not intervene in Japan's internal affairs.

4—A pledge to solve future disputes by peaceful means.

Japan - Russian negotiations are scheduled to open in London next month.

Shigemitsu's four prerequisites, in a carefully worded statement before the Diet (parliament), were not listed as demands, but he implied that Japan wanted agreement on them before going further in the talks.
