EAST MEADOW (N. Y.), Nov. 3. — (AP) — A little old lady showed up at the Meadowbrook Hospital emergency ward last night to have an ailing leg treated.

Doctors gave her some medication. Considering admitting her to the hospital, they asked her if she had any valuables to put in the safe. She started digging into various parts of her clothing and soon produced \$63,000—of which \$25,000 was in \$100 bills, \$25,000 in \$50 bills and \$13,000 in assorted denominations.
