

Air Mail

August 13th

Hello wah !!

I was delighted to hear from you and I believe it is the first English written letter you send me. You write extremely well, you are really doing so fine. It is boys like you with ambition and courage which will some day straighten this world out.

I am enthused to learn that you are flying and going to school at the same time - how exciting! and it also must be hard work. I just know that you will succeed in whatever you pursue. My best wishes to a great guy.

I just came back from a 10 day furlough and visited many of our friends. They are all looking fine, the girls are prettier than ever. Most of them commented greatly about you when you were home. Bernice, Edna, Doris & Tommy, Daisy, Irene, Suzette, Ruby, Rose and Mary. They all

Air Mail

said you look good in uniform and you
are much more lively, converse more freely
than you ever did before. Gee, I sure look
forward to meeting the 'new Lee Wah' - can
you come out in September, I may get
another furlough then and Fay is comin out
too.

I have now been around the world &
to New Zealand, Australia, India, Iran,
Africa, Azores, Newfoundland etc. I also
spent a week at New York - it certainly is
a fine & exciting place - lots of free
entertainment & U.S.O. & lots of places to go.

Here we have excellent food, I am
gaining back the twenty pounds I lost
while overseas. Gee! it sure was good to
see S.F. again, especially Chinatown. The
Tom family (Ruby) certainly told me a lot
about you - Isabel is very tall & grown;
she's very pretty.

Well, wah, don't work too hard, drop
me a line again.

Pal -
Norm
